The Dott Difference

The best connected service in Europe

We integrate seamlessly into our cities and our riders' daily lives

Integrated in Cities

Dott's local partnerships are built to last

- Trusted with public contracts of up to 11 years
- Network of 400+ cities, including major capitals (Paris, Brussels, Rome, etc.)
- Partnerships with local organizations to drive economic & social value

Integrated in Local Transport

Dott is the leader in public transport integration

- 47% of Dott rides connect with public transport
- 19 deep MaaS integrations, the most of any micromobility service
- Integration in mobility hubs, filling first/last mile gaps

Integrated in European Services

Dott is integrated in riders' favorite services

- Exclusive partnership with Wolt+, combining micromobility and food delivery subscriptions
- Integration of Wero, Revolut Pay, and local payment methods

Better Transport Access

47%

Rides connect with public transport

More Micromobility Uptake

36%

Riders use bikes & scooters more often

Less Car Dependency

63%

Car/Taxi users have reduced the use of these modes
