

## SAVE THE DATE!

**23-24 April 2018 - Brussels**

# CIVITAS Urban Freight Conference

The EU-funded [CITYLAB](#), [NOVELOG](#), [SUCCESS](#), [U-TURN](#) projects join forces and invite you to the **CIVITAS Urban Freight Conference**, an interactive event including presentations, posters and exhibitions, breakout and training sessions, workshops and awards.

Participants will discuss new cooperation models for engaging and supporting public and private actors, the future of urban logistics, as well as specific topics as stakeholder cooperation, policy and regulation, planning for freight, technology, data collection and management.

The event will also feature interactive dialogue with US stakeholders, including the US Department of Transportation, currently partnering with the European Commission for the Urban Freight R&D Twinning Initiative.

The projects have already started working hard together for a successful conference, and will release a draft agenda soon. In the meantime, save the date and [REGISTER HERE!](#)

These projects have received funding from the European Union's Horizon 2020 research and innovation programme under grants agreements No 635898, 636626, 633338, 635773.
