There are different options to get to the Barcelona airport to the city center:

The best option is AEROBUS (<http://www.aerobusbcn.com>). A direct bus every 5-7 minutes to Plaça de Catalunya costs 5.90€ (one way) or 10.20€ (return ticket) per person. The travel takes around 35 minutes.

A taxi should cost around € 35 - 40 and will take about 20 minutes (depending on the traffic conditions – Barcelona downtown can be very complicated).
