

E-Visionary Award

The E-Visionary Award is a way for **the World Electric Vehicle Association (WEVA)** to recognize cities and regions as E-Visionaries for their initiatives to promote electric vehicles as a sustainable mode of transportation, and for making Electric Mobility a reality in the lives of their inhabitants. This way, E-Visionary Award winners become references for communities around the world.

The E-Visionary Award is presented at the **International Electric Vehicle Symposium and Exposition (EVS)**, which is now with its 27th edition upcoming in November 2013. The EVS is held on a rotating schedule in America, Europe/Africa and Asia/Pacific and has started 44 years ago.

At the occasion of every EVS, 3 Awards are attributed by the WEVA and presented during the EVS.

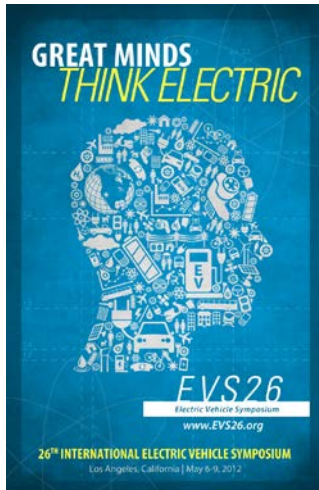

Each member of the WEVA will select the winner for the part of the World is covering:

- **EDTA** (Electric Drive Transportation Association) for the **Americas**,
- **AVERE** (European Association for Battery, Hybrid and Fuel Cell Electric Road Vehicles) **for Europe and Africa**,
- **EVAAP** (Electric Vehicle Association of the Asia Pacific) for **Asia Pacific**.
