# ISA is a quick win ...

**Action Cluster Sustainable Urban Mobility**

**Working Group Intelligent Speed  
Assistance**

part of

**New Mobility Services initiative**

The goals of the Working Group are:

- To support the EC proposal to **mandate ISA** in new cars
- To give support during the **transition period**, with a focus on three activities:
  1. To increase the use of existing systems by creating awareness with users.
  2. ISA in procurement public authorities and fleet owners (webinar Nov 2018)
  3. Retrofitting (after-market) ISA systems in existing vehicles (pilots NL/Be)
