ENDORSEMENTS

CDP is a significant example of the sense of collective responsibility that helps us bridge the fossil-fuel based world of yesterday to the low carbon economy. CDP fosters enhanced awareness of climate changes (...) and the steps we can take to contain them.

Connie Hedegaard

**European Commissioner
for Climate Action**

ENDORSEMENTS

EUROPEAN DISCLOSERS

More than **245 cities**
and 60 regions have
started their disclosure
journey since 2014

ONE-STOP SHOP

EMISSIONS REDUCTION

53%

of European cities reporting to CDP in 2022 a Net Zero Target by 2050

But **35%**

of them do not have a 1.5-aligned mid-term target

87%

of European cities have reported a community-wide GHG emissions inventory

Only **16%**

did not report a GHG emissions reduction target

60%

of cities have decreased their emissions since last inventory

42%

have assessed the synergies, trade-offs, and co-benefits, of their mitigation actions

28%

of mitigation actions declared by European cities relate to transportation

Only **7%**

of European cities reported freight mode share data
